VENUS WISDOM

## Welcome to the Venus Wisdom Way of Astrology!

### VENUS WISDOM CREDO

1. Venus Wisdom recognizes the wisdom of Venus as the golden key to actualizing the positive timeline in the Age of Aquarius.
2. Venus Wisdom honors Venus as a reflection of our care, our heart wisdom, and our ability to form bonds that create positive relationships.
3. Venus Wisdom uses Venus' 19-month dance with the Sun as the container for the energies and themes arising in the Sky Story.
4. Venus Wisdom prioritizes our human empowerment and the transformation of our hearts as we move through Venus' cycle.
5. Venus Wisdom engages with the Venus cycle as a living map to guide us on our heroine's journey; shedding what is false, fortifying our ability to connect with Source within, embody our truth, and live our sacred purpose.
6. Venus Wisdom teaches us how to sync with Venus through receiving her light, feeling her movements, and attuning to the New and Peak Venus Portals as doorways into our inner knowing.
7. Venus Wisdom reflects our own Feminine Essence back to us through our Venus Avatar; a glimpse of our infinite nature.
8. Venus Wisdom shows us how to anchor the Solar Feminine frequency on the planet to co-create a new reality in alignment with nature's principles.

**The Solar Feminine was birthed on the planet on June 3rd, 2012 when Venus visibly crossed the face of the Sun for the last time in our lifetime.**  
The Sun and Venus together are the union of Fire and Water, Eros and Heart, Light and Love, Source and Body.

**A new cycle begins January 8, 2022, when Venus and Sun unite at 18° Capricorn and create a new Venus Star Point.**  
The Initiating, Feminine, Earth archetype of Capricorn will infuse the entire 19-month cycle.

Solar Feminine continues to be anchored as we move deeper into the Age of Aquarius. Uranus, the Great Awakener, in Venus' sign of Taurus until 2026 underlines the importance of Venus at this change of ages. In 2022, the North Node representing the north star of our collective evolution moves into Taurus further emphasizing the power of Venus at this time. The revolution is IN. Great changes will come as we embody more love.

The Solar Feminine teaches us Heart-Centered Leadership; how to risk living in the present moment, how to stabilize in the unknown, consider all possibilities until we receive clarity, and then take the right action for us. We lead by trusting our heart's intelligence above all else.

In the Venus Capricorn cycle, the sacred feminine takes her throne and puts on her crown. Here, she is the Queen of Integrity and enjoys the Pleasure of Manifesting. Her throne is her knowledge of the Earth's intelligence gained through her humbling to nature's principles. Her crown is her cosmic wisdom as an infinite being. She is us.

In this cycle, we are invited to learn the power of saying "NO" to what is not right, claim the full authority of our heart's wisdom and take responsibility for creating the world we want our grandchildren to live in. We are seeding the New Earth - a culture based on care, interconnection, reverence for life, and the natural world. Together, we will be initiated into the Capricorn Mysteries and discover our role in this Great Turning.

The monthly New Venus Portals (Moon-Venus conjunctions) are marked on the Venus Cycle map with their symbols and date. The New and Peak Venus Portals (Moon-Venus oppositions) are on the day in the calendar. The Key Dates on pages 30 & 32 feature the important dates for Venus in this cycle. In the calendar, stars mark the dates with key dates so you can refer to the Key Dates page to find out what is happening.

A vibrant, textured painting of a woman with a tree-like face and a glowing yellow orb. The woman's face is composed of brown, gnarled tree branches, with her eyes closed and a serene expression. She has several small purple flowers tucked into her hair. She holds a bright yellow, glowing orb in her hands, from which several rays of light emanate. Her body is covered in thick, textured green paint, suggesting a forest or a lush landscape. In the foreground, there is a large, dark red pomegranate and a white, shell-like object. The background is a mix of blue and white, with a swirling, ethereal quality. The overall style is expressive and symbolic.
